

*Our Yarn,  
Soul Of Your Fabric*

**SHARMANJI YARNS PVT. LTD.**

## About us

Sharmanji Yarns established in 2007 as a Textile Company, involved in manufacturing & exporting various type of yarns viz. **Polyester Cotton blended yarns & 100% Cotton combed compact** yarns, is having a long experience of quality Yarn business that was initially started in 1962 by **Sh. Jatinder Kumar Jain** at Ludhiana. In 1990, the business was joined by their sons - **Mr. Sunny Jain & Mr. Ashu Jain**.

Sharmanji yarns, a new age manufacturer of quality yarn came into existence in 2007, amidst the rich cotton growing belts of India namely Punjab, Haryana and Rajasthan in Northern India. Our mill is equipped with Hi-Tech state-of-the-art machineries from world-renowned textile machinery manufacturers like **Rieter, Trutzler, Schlafhorst, Marzoli, Zinser, Murata and LMW**. We are providing **PP control and FD control yarn** in 100% cotton compact yarn & Poly / Cotton blend yarn.

All the above process machines are also equipped with latest on-line quality control equipment combined with computerized information system. World-wide recognized & accepted high-reliability **Uster** quality control equipment form the core of our R&D and constant monitoring quality control department.

The company's reliable work force, coupled with latest technology, prompt customer service, world class quality, timely delivery and competitive prices have given the company an edge over its competitors. We cater to a loyal and satisfied customer base all over the world.

Our rapid yet steady growth is due to our futuristic approach towards our work practices. From the day the company was established we resolved to become global textile leader, and therefore settled for nothing less than the best.

"In our industry, being first in market is not everything but customer loyalty is.... . Furthermore, loyalty is not earned by being first, but is earned by being the best. The decision is ours - to adopt mediocrity and survive, or opt for excellence and prosper."

- Sunny Jain

We as a firm, believe that customers are our most valuable resource. And as we face the challenge of continuing to serve our customers in the textile industry, we continuously change and evolve as per industrial evolution and developments; I would like to focus on what does not change, our commitment to service and quality, our leadership of the markets in which we participate.

Service, quality, innovation and cost effectiveness are four pillars on which Sharmanji weaves its growth story. We will relentlessly strive to be one ahead of competition and reaffirm ourselves to be sustainable in maintaining that position.

And we look forward to delight you with undaunted quality, innovation and passion consistently.

*Remember why you started.....!!*

**“The secret of success is to do the regular thing phenomenally well.” - J.K Jain**

### *Vision*
